

VIM Power & Shine Bathroom Cleaner

8190

PRODUCT INFORMATION

Product Trade Name **VIM Power & Shine Bathroom Cleaner**
Product Use Bathroom hard surface cleaning.
Supplier Name Unilever Canada Inc.
Address 160 Bloor Street East, Suite 1400, Toronto, Ont. Canada M4W 3R2
Emergency Phone No. PROSAR 1-800-745-9269 or call local Poison Control Centre

This information is presented under right-to-know regulations, in the context of use in the workplace, and is not intended for domestic, household use.

HAZARDOUS INGREDIENTS

Ingredient	CAS No.	Range %w/w	Oral LD ₅₀ mg/kg	Dermal LD ₅₀ mg/kg	LC ₅₀ mg/m ³ /4h
Citric acid	77-92-9	1-5	3,000 (rat)	Not available	Not available
Ethoxylated C ₉₋₁₁ -alcohols	68439-46-3	1-5	1,200 (rat)	2,000 (rabbit)	Not available

PHYSICAL DATA

Physical State	Liquid	Specific Gravity	1.0 (20 deg. C)
Vapour Pressure	Not available	Coeff. Water/Oil Dist.	Not available
Vapour Density	Not available	Evaporation Rate	Not available
Boiling Point	Not available	Freezing Point	Not available
pH	2.2-2.5 (25 deg. C)	Odour Threshold	Not available
Appearance	Clear, transparent	Odour	Fragranced

FIRE OR EXPLOSION HAZARD

Flash Point and Method	Not applicable	Auto Ignition Temp.	Not applicable
Upper Flammable Limit	Not applicable	Lower Flammable Limit	Not applicable
Sensitivity to Static Discharge	Not applicable		
Sensitivity to Impact	Not applicable		
Hazardous Combustion Products	Decomposition due to fire may produce irritating gases.		
Conditions of Flammability	None.		
Extinguishing Media	Use media appropriate for surrounding fire.		

TOXICOLOGICAL PROPERTIES

Route of Entry	Eye contact, skin contact and inhalation.
Effects of Acute Exposure	Irritation. Ingestion, although not an expected route of workplace exposure, may produce nausea, vomiting and abdominal discomfort. Possesses a low order of systemic toxicity and symptoms, if any, resulting from ingestion would be expected to be temporary.
Oral LD₅₀	Estimated greater than 2,000 mg/kg (rat) based on ingredient data.
Dermal LD₅₀	Estimated greater than 2,000 mg/kg (rat) based on ingredient data.
Inhi LC₅₀	Not available
Effects of Chronic Exposure	Not available.
Exposure Limit(s)	Not available. Consult local authorities for acceptable values.
Irritancy of Product	Eye irritant. Inhalation of mists or aerosols may cause irritation to the respiratory tract. Expected to be only mildly irritating to skin based on semi-occlusive human patch testing.
Sensitization to Product	No known or available evidence.
Carcinogenicity	Product does not contain any ingredients at 0.1%w/w or greater determined to be carcinogenic by the American Conference of Governmental Industrial Hygienists (ACGIH) or the International Agency for Research on Cancer (IARC).
Reproductive Toxicity	No known or available evidence.
Teratogenicity	No known or available evidence.
Mutagenicity	No known or available evidence.
Toxicologically Synergistic Products	No known or available information.

FIRST AID MEASURES	
Inhalation	If symptoms are experienced, remove source of contamination or move to fresh air.
Eyes	Immediately flush the contaminated eye(s) with lukewarm, gently flowing water for 15-20 minutes, while holding the eyelid(s) open. If a contact lens is present, do not delay irrigation or attempt to remove the lens. Take care not to rinse contaminated water into the unaffected eye or onto the face. Obtain immediate medical attention.
Skin	Remove any contaminated clothing and flush skin with lukewarm, gently flowing water for 5 minutes. If irritation persists, repeat flushing and obtain medical advice.
Ingestion	Never give anything by mouth if person is rapidly losing consciousness, or is convulsing. DO NOT INDUCE VOMITING. Have person drink a glassful of water to dilute material in stomach. If vomiting occurs naturally, rinse mouth and repeat administration of water. Obtain immediate medical advice.
REACTIVITY DATA	
Conditions of Instability	No known or available information.
Incompatible Materials	Do not mix with chlorine bleach or other chemicals.
Conditions of Reactivity	No known or available information.
Hazardous Decomposition Products	None expected under normal handling conditions.
PREVENTIVE MEASURES	
Personal Protective Equipment	If eye contact and/or prolonged or frequently repeated skin contact may occur, use chemical goggles and/or chemical resistant (e.g., neoprene, rubber) gloves. Ensure quick access to eyewash equipment in the event of accidental exposure.
Engineering Controls	Use general ventilation to control indoor general ventilation.

PREVENTIVE MEASURES (Continued)		
Spill or Leak Procedures	Confine spilled product to prevent environmental contamination. Absorb large spills with inert material (e.g., sand or earth) and collect into suitable, labelled containers for disposal. Small amounts or residues may be washed to sanitary sewer drains if permitted by law.	
Waste Disposal	Transport and dispose in accordance with all applicable federal, provincial and federal laws.	
Handling Procedures	Use personal protective equipment to avoid contact with eyes and skin. Wash hands after handling.	
Storage Requirements	Store in the original, closed container away from incompatible materials at moderate temperatures.	
Shipping Information	Not a TDGA Dangerous Good as supplied.
